San Antonio Pets Alive! Receives Generous Donation from Dr. Robert N. Young
Wonder Woman and other dignitaries attend fundraising party.

Wonder Woman, Hugh Hefner, an Egyptian Pharaoh, and several zombies banded together this past Halloween to donate \$10,000 to San Antonio Pets Alive! to help the nonprofit organization save animals from a frightful fate. Noted local surgeon Dr. Robert N Young of Aesthetic Enhancement Cosmetic Surgery & Laser Center hosts an annual Halloween party that's the toast of the town. This special night is an important social event for many, and attendees donate \$25 to be present at the party. Dr. Young and his wife Michelle Young made sure the event was a ghoulishly good time by graciously donating all the food and drinks for the revelers.

The donation benefits San Antonio Pets Alive!, a nonprofit organization that solely rescues dogs and cats selected for euthanasia at the city shelter. SAPA! has rescued over 38,000 dogs and cats in its short five years in operation.

Dr. Young and his team have been community partners to SAPA! in the past, and continue to support the cause of animal welfare. Dr. Young has donated to San Antonio Pets Alive! in the past as part of his "cups for pups" initiative. Dr. Young said, "I'm happy to be able to support the good work of saving animals. Animal welfare is a preferred cause throughout the office. I appreciated that SAPA! stepped in to help with the effort to save animals affected by Hurricane Harvey, so they were at the top of my list to support this year. San Antonio Pets Alive! is one of our favorite charities in the area!"

About San Antonio Pets Alive!

San Antonio Pets Alive! is a life-saving nonprofit organization that solely rescues dogs and cats selected for euthanasia at the San Antonio City Shelter. We save these animals after all other options have been exhausted. Our vision is to make San Antonio a No-Kill Community. SAPA! is the last hope for animals kenneled at the city shelter awaiting

euthanasia. SAPA!'s innovative programs include saving puppies with medical needs and/or the parvovirus and caring for neonatal kittens too young to survive without trained help. SAPA!'s transportation program, Headin' Home, selects at-risk dogs in San Antonio to make the trip to nonprofit animal sheltering organizations in other states without the pet overpopulation issues our community faces here. SAPA!'s robust volunteer and foster teams work hand-in-hand with staff to save
