San Antonio Pets Alive! Sends Happy Dogs to the Pacific NW

Dogs are getting a 2nd chance at their FURever home just in time for Memorial Day Weekend!

San Antonio – Each month, San Antonio Pets Alive sends dogs on ground transport to our trusted rescue partners in the Pacific Northwest for a 2nd chance at a forever home. This week, we are transporting 45 dogs to Wyoming, Oregon, and Washington where they will have better opportunities to be adopted in less dog populated states. Our transport program, Headin' Home has approximately saved 1,500 dogs a year since its inception in 2015. Many of these adult dogs find themselves in local San Antonio shelters with medical problems, neglect, or abuse. SAPA!'s goal is getting these adult dogs healthy for their journey to their new family in the NW.

With these monthly transports, SAPA! is always looking for temporary foster homes for the dogs selected for our Headin' Home program. By placing these dogs in a temporary foster home until transport day, SAPA! can save another animal life at risk of euthanasia. These fosters commit to housing a transport dog for 1-2 weeks. To get learn more about SAPA!'s Transport program, Headin' Home, or sign up to become a foster. Please visit our website at: <http://www.sanantoniopetsalive.org/transport-program/>

Tuesday's transport will take approximately 45 dogs on a ground transport to Wyoming, Oregon and Washington. The press is invited to come out and cover load-up at our location on Marbach Road, starting at 12:30pm

About San Antonio Pets Alive!

San Antonio Pets Alive! is a life-saving nonprofit organization that solely rescues dogs and cats selected for euthanasia at the San Antonio City Shelter. We save these animals after all other options have been exhausted. Our vision is to make San Antonio a No-Kill Community. SAPA! is the last hope for animals kenneled at the city shelter awaiting euthanasia. SAPA!'s innovative programs include saving puppies with medical needs and/or the parvovirus and caring for neonatal kittens too young to survive without trained help. SAPA!'s transportation program, Headin' Home, selects at-risk dogs in San Antonio to make the trip to nonprofit animal sheltering organizations in other states

without the pet overpopulation issues our community faces here. SAPA!'s robust volunteer and foster teams work hand-in-hand with staff to save thousands of animals who otherwise have no other options with these innovative programs. Since SAPA!'s inception in 2012, SAPA! has saved over 40,000 companion animals.
